

I see math...

#demystifymath @AcceleratedMath

# Let's have $\sum f(\mathbf{u})^n$

## Where do you see math?

Students: Draw a picture on the front of this card explaining where you see math outside the classroom. Tweet about how you see and talk about math in your everyday life.

Educators: Help other teachers and students to see math everywhere. Share how you demystify math for your students by joining a national conversation happening now on Twitter.

Tweet your photo **@AcceleratedMath** using **#demystifymath** to tag your post.
