Provides full picture of school year, showing progress over individual reporting periods.

By year 3 using AM Best Practices, administrators should see 90% of students scoring above 85% correct on tests, students mastering 4 objectives per week, and engaged time should be at or above 40 minutes per day.

% of Students At/Above 85% Correct - Test: Percent of students who averaged at least 85% correct on tests. For a student, this is the average of the scores for all reporting periods.
 Objectives Mastered Per Week: Average number of objectives mastered per week in the reporting period.
 Engaged Time Per Day: An estimate based on number of objectives mastered and an anticipated 40 minutes per day of math practice

Average Percent Correct shows comprehension. Points show the quantity of reading practice. Engaged Time reflects how much time students are actively engaged in reading practice.

Grade Equivalent: Score from the first STAR Reading assessment of the year

Average % Correct: Average score on Reading Practice Quizzes

% of Students At/Above 85%: Percent of students who averaged 85% correct or above on quizzes. For a student, displays as a dash (-).

Median Points: Shows the total points earned for individual students and the median for groups. For a group, half the students earned more points than the median; half earned less.

Engaged Time Per Day: An estimate of the time students are engaged in reading practice. Displayed in minutes. It is based on a test score from STAR Reading or STAR Early Literacy™ and points earned in Accelerated Reader. Score not reported unless students were tested with a STAR assessment within the last 12 months.
