

Sharing your Renaissance data with WISEdash

If you are interested in sharing your Renaissance Star Assessments data with WISEdash for Districts, please follow the process outlined below.

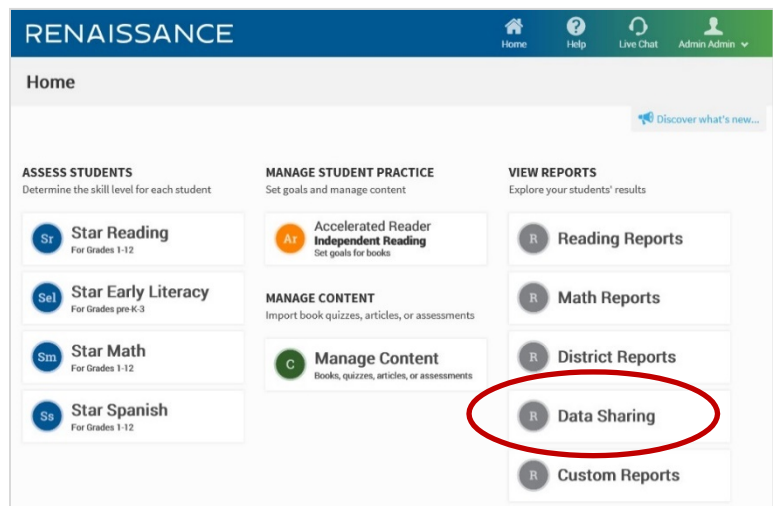

Step 1: Request to share your data

Email your request to share data to support@renaissance.com, and identify WISEdash for Districts as the third-party vendor you would like to share your data with. Renaissance will make the data-sharing feature available on your Renaissance Home site, usually within two business days.

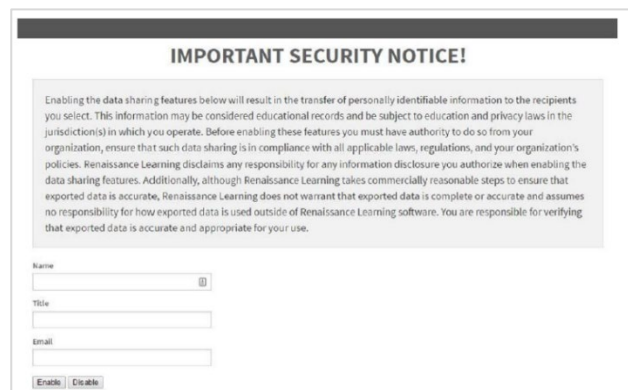

Step 2: Enable the data sharing feature on Renaissance

A district administrator (in Renaissance) will need to log in to Renaissance and enable the data sharing feature for the first time.

- From the home page, choose **Data Sharing** from the menu on the right.

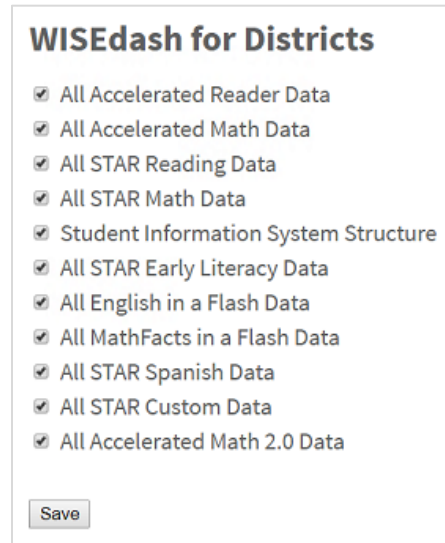

- Read the security notice

- Enter your name, title, email, and click **Enable**.
 - Once enabled, this data share will remain in place.
 - If you wish to stop sharing your data, you can choose to **Disable** the feature at any time.

- Once the data share is enabled, you will be taken to the Data Sharing Dashboard.
- Verify that WISEdash is listed as a vendor and select the appropriate boxes for the data you wish to share. Select Save at the bottom of the page.
- Once saved, your selections will be updated and the data you selected will be automatically shared with WISEdash.

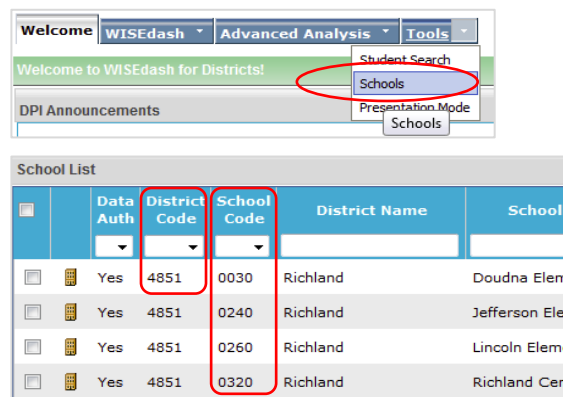

- This feature will remain enabled over time and you will not have to update your selections each year. It is still considered a good practice for you to log in and verify your selections, but these will not be cleared from year to year.
- If you wish to stop the data transfer, you must disable the data sharing feature in Renaissance or make the changes you would like on the Data Sharing Dashboard and save those changes.
- You may select additional applications for data sharing at any time during the school year through the Data Sharing Dashboard.

Manually Entering Student IDs in Your Renaissance Home Site

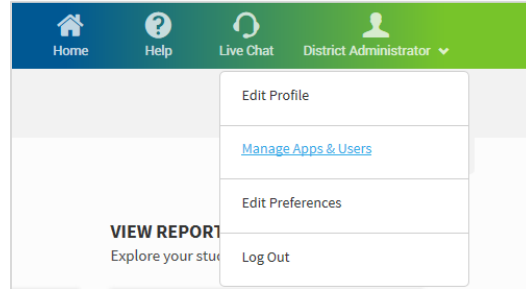

Districts who have not purchased CDI services will need to manually import the required IDs into their Renaissance site. WISEdash requires districts to include district, school, and student state IDs (WISEids) within Renaissance site before data can be shared.

Note: Use the Schools dashboard on the Tools menu in WISEdash for Districts to find District and School IDs. Your district has one unique 4-digit District Code and unique 4-digit School Codes for each of your schools.

Manually Entering District IDs

1. While logged on to your Renaissance site as a District Administrator, select **Manage Apps & Users** from the main screen.

2. On the Manage Apps & Users screen, select **District & Schools**.

3. On the District & Schools page, select the **District Details** tab, and enter the State Number Value.

A screenshot of a form field for entering the State Number. The label 'State Number' is on the left, and there is an empty text input box on the right. The background is a light gray color.

4. Select **Save** at the bottom of the page.

Manually Entering School State IDs

Important Note for CDI Customers: Please contact your Data Integration Specialist before updating school state IDs in Renaissance.

1. On the **District & Schools** page, select the **Schools** tab.
2. Select a specific school.
3. Enter the state number.

4. Select **Save** at the bottom of the page.

Manually Entering Student State IDs

Important Note for CDI Customers: Please contact your Data Integration Specialist before updating student state IDs in Renaissance.

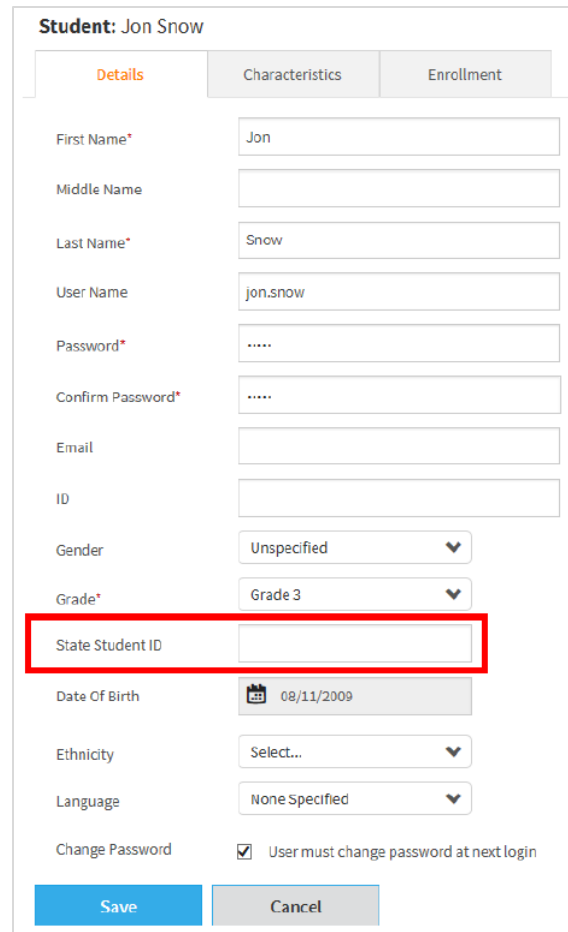

1. While logged on to your Renaissance site as a District Administrator, select **Manage Apps & Users** from the main screen.

2. Select **Users**. Search for the student you want to add a student stated ID to. Once you find the student, select their name.

3. Click on the **Details** tab. Scroll to the bottom and add or update the State Student ID.

A screenshot of the 'Student: Jon Snow' details form. The form has three tabs: 'Details' (selected), 'Characteristics', and 'Enrollment'. The 'Details' tab contains several input fields: First Name* (Jon), Middle Name, Last Name* (Snow), User Name (jon.snow), Password* (masked with dots), Confirm Password* (masked with dots), Email, ID, Gender (Unspecified), Grade* (Grade 3), State Student ID (highlighted with a red box), Date Of Birth (08/11/2009), Ethnicity (Select...), and Language (None Specified). At the bottom, there is a 'Change Password' checkbox which is checked, with the text 'User must change password at next login'. There are two buttons at the bottom: 'Save' (blue) and 'Cancel' (gray).

4. Select **Save** at the bottom of the page.
