

## Product Correlation to Funding Source

**Funding Source:** Title I, Part A

**Purpose:** To provide all children significant opportunity to receive a fair, equitable, and high-quality education, and to close educational achievement gaps.

**Product:** Renaissance Flow 360®

Title I, Part A Requirements	Renaissance Flow 360
<p>Provide opportunities for all children to meet the challenging State academic standards</p>	<p>Renaissance Flow 360 provides opportunities for all children to meet the challenging State academic standards due to its seamless flow of student data from assessment to instruction and practice resources, then back into a unified measure of student mastery. Dashboards display clear views of student performance to determine how an individual, group, class, or school is progressing toward goals and benchmarks and to identify students in need of intervention. Viewing each student’s proficiency and projected growth gives teachers the information they need to provide opportunities for all children to meet the challenging State academic standards.</p>
<p>Identify and implement instructional and other strategies that:</p> <ul style="list-style-type: none"> <li>• strengthen academic programs in the school</li> <li>• increase the amount and quality of learning time</li> <li>• address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards</li> </ul>	<p>Renaissance Flow 360 strengthens the academic programs in the school through the Renaissance Growth Alliance, which brings together thought-leading instructional providers—including Houghton Mifflin Harcourt, Learning A-Z, Achieve3000, fueeducation, Classworks, Edgenuity, edmentum, education.com, and Mind Research Institute—to provide instructional resources. The Growth Alliance partners bridge Renaissance Star 360® assessment and skill data directly to their instruction and practice content to provide personalized learning for students and unified mastery reports for teachers and administrators.</p> <p>Research shows that teachers spend an average of 6–8 hours per week collecting and manipulating data to make differentiated instruction and personalized learning possible. Renaissance Flow 360 saves teachers time by combining assessment and practice results to guide instruction, thereby increasing the amount and quality of learning time. The Star 360 assessments take 20 minutes or less, and data is available immediately.</p> <p>Renaissance Flow 360 addresses the needs of all children in the school, particularly those at risk of not meeting the challenging State academic standards, through a continuous cycle of assessment, planning, instruction, and practice as follows:</p>

<ul style="list-style-type: none"> <li>provide an enriched and accelerated curriculum</li> </ul>	<ol style="list-style-type: none"> <li>Renaissance Star 360 is the <u>assessment</u> component. This computer-adaptive assessment enables teachers to screen and group students for targeted instruction, measure student growth, predict performance on summative exams, and monitor progress toward meeting challenging State academic standards. It includes reading, math, and early literacy (in both English and Spanish), and allows teachers to create customized formative assessments that target specific skills or skill sets in math, English language arts, and science.</li> <li>Renaissance Flow 360's Planner is a lesson <u>planning</u> tool which connects Star 360 assessment data with instruction and personalized practice, enabling teachers to easily find and select the recommended skills and resources based on students' Star 360 scores. By bringing together curriculum, Star 360 data on achievement, and high-quality instructional resources, teachers can make data-driven decisions about which skills to teach to help students meet the challenging State academic standards.</li> <li>Using selected resources, teachers organize and pace <u>instruction</u> so that students are getting what they need, when they need it.</li> <li><u>Practice</u> applications are then assigned to students at the appropriate level, motivating and challenging them toward growth.</li> </ol> <p>Renaissance Flow 360 enriches the curriculum and accelerates learning through its combination of assessments, resources, tools, skills, and insights built for personalized learning. Star 360's Core Progress, an empirically validated learning progression developed for each state's standards, provides a continuum to guide teaching and learning over time so that so teachers know what skills to teach and when to teach them in order to advance student competence in a domain.</p>
<p>Provide professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data from academic assessments</p>	<p>To ensure a successful implementation of Renaissance Flow 360, the following professional development activities are required:</p> <ul style="list-style-type: none"> <li>At least one Custom Onsite Seminar for an overview of Renaissance Flow 360</li> <li>Data Coaching for each school throughout the year</li> <li>Strategic Planning, Monitoring, and Reporting for districts of two or more schools to efficiently deepen implementation with the necessary fidelity to achieve results</li> </ul> <p>Renaissance-U on-demand modules related to Star 360, Accelerated Reader 360, and Accelerated Math are included.</p>
<p>Implement effective parent and family engagement</p>	<p>Informed and involved parents create a continuum between school and home that enhances the learning process and enables parents to be active participants in a school's program plan. Renaissance Home Connect™, available in English or Spanish, enables parents to access</p>
